

Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country. Competition is the "dogbite" that keeps the vandals out of "store!" If competition is weakened or compromised, there is nothing to prevent the telecommunications industry from going the way of Super Walmarts! "Go in BIG, don't pay your construction bills, undercut the local Mom 'N' Pop stores until they fold, then raise the prices without improving the product!" If that's what YOU want for your ISP... you can have it. I won't accept that. PLEASE ALLOW PRIVATELY OWNED ISP's to operate without the fear of being pushed out of their own company!
